THE UNION MEETINGS

Evangelist Shivera Comes Highly Recommended.

MEETING OF CITY MINISTERS

The Canadians Send Greeting to the Yankees and Speak in Warm Terms of the Evangelist Who Is Soon to Conduct Meetings in East Liverpool.

The ministers of the city held a very interesting meeting yesterday at 10:30 a. m., when further arrangements were made for the Schivera meetings. The general plan of work was talked over, and arrangements made for union prayer meetings to be held for the two weeks preceding March 1. Further arrangements will be made later as to the time and place of these meetings. One of the conditions of Mr. Schivera's coming is that there be no entertainments or meetings of a general kind during the meetings and for two weeks previous.

The secretary of the ministers' association has received from Wharton, Ontario, Canada, the following about the coming evangelist:

"Mr. Schivera is one of the noted and popular evangelists of the hour, and since he entered the field of evangelistic labor, he has held meetings all over the United States and Canada.

"About 20 years ago, when he was mapping out for himself a career on the dramatic stage, he attended one of D. L. Moody's meetings in the big Brooklyn rink, and there, before the assembled thousands and surrounded by sporting companions, the change of his life took place.

"Very shortly afterwards he studied for the Congregational ministry and was ordained a minister.

"Sixteen years ago he commenced his career as an evangelist, a calling for which he is admirably adapted, and ever since he has been engaged in that work.

"His fame is continental and he is in receipt of invitations from many parts of the United States and Canada, soliciting his services. Just now he is wanted at Des Moines, Ia.; Winnipeg, Man.; Toronto, and various other places."

A number of the ministers of East Liverpool have called at the News Review office and have demonstrated the fact that they are very much in earnest respecting the coming union evangelistic work, and they evidently hope to accomplish much good, in the name of the Master. The various churches will furnish their very best singers, and music will form a very delightful feature of the evangelistic program.

KNOWS HOW IT GOES.

The Dog Woke Up in the Night and Wanted a Drink.

Mrs. Webber, of the theatrical company now playing in this city, is the owner of a pretty pug dog, that has become addicted to the drinking habit and can hold its own with the average beer drinker. She relates an amusing story of a late jag in which the dog imbibed too freely of the malt beverage, and celebrated his jambourie by waking all the inmates of the hotel by his loud barking, and proceeded to demolish everything in the way of his dogship. He was finally subdued, and fell into a deep slumber, with nothing to break the silence but his loud snoring, which could be heard a block away. Mrs. Webber finally managed to fall asleep but was awakened about 3 a. m. by a series of piteous yelps in the vicinity of the washstand. Arising, she found the dog vainly trying to get at the water pitcher. The wants of the dog were supplied, and, after bandaging his head with cracked ice, he looked up with a determination in his eye to forever abstain from intoxicants. But he has again lapsed into his intemperate habits, and nothing short of Keeley treatment will relieve him of his thirst for beer.

SPRING GROVE CEMETERY.

Rumor Has It That the Association Is in Trouble.

We are informed, by reliable authority, that the lot owners of the Spring Grove cemetery are accumulating legal evidence looking to a change, if possible, of the present management, with bright prospects of accomplishing the desired end. The trouble in this organization has been growing for years, and, as it now appears, the parties who control the business have not complied with the state law governing such associations, and possibly all the actions may be set aside by legal process. In such an event the present lot owners may find they have made an investment that will not stand a legal test and many

of them feel that they have made a mismove in purchasing lots, and would be glad to sell their ground for much less than the price paid. Should there be anyone wishing to purchase burial ground, it may be to their interest to consult some of the present lot owners before they move in that direction.

LOT OWNER.

RELEASED LAST NIGHT.

The Accused Parties Dismissed Because of a Lack of Evidence.

Robert Kountz, Dallas Burrows and Robert Maxwell, the three men that were arrested Sunday night on suspicion of stealing fish from the store of P. T. Brown, were released last night because the evidence produced showed that they were not the guilty parties. The charge against Maxwell was withdrawn by Brown. Warrants have been issued for two others, who, it is thought, are the guilty ones, and a search is being made by the officers to find their whereabouts.

A man named Mitchell was found lying in a beastly state of intoxication on Calcutta road last night. Officer Earl was notified and took the man to a place of safety. Had he been left there all night, undoubtedly he would have died from exposure. This morning he was arraigned by Mayor Gilbert and assessed \$5.00. In default of the amount necessary to obtain freedom, Mitchell is still behind the bars.

Two lads were arrested on Saturday night on complaint of David Devine, who said that they were minors and were frequenting his place of business against his will. The young culprits were taken down to city hall, but upon a promise not to repeat the offense, were released.

WIFE BEATER.

The Vigilance Committee May Visit His Domicile.

He resides on Washington street and calls himself a man, and that's where he makes a mistake. He may be visited by men, and they will then take the trouble of convincing him that it will pay him to act the part of a man in his home circle. He has beaten his wife, a good woman, on several occasions; but the abuse he gave her a few days since was simply shameful and outrageous, and has called forth hot indignation among his neighbors, and they have determined that the nefarious and cowardly work must cease. The pity is that the wife has so far refused to enter suit against him, as Mayor Gilbert would take delight in giving the coward the full benefit of the law, as he has no use for such poltroons. Unless this wife beater reforms, however, a resident of the vicinity in which he lives has resolved to prosecute him.

STEALING TOBIES.

A Small Boy Caught in the Act by a Druggist.

A prominent uptown druggist was standing behind his prescription case yesterday afternoon when he noticed a small boy open the door and walk in the store in a manner as if to avoid being noticed. As the actions of the boy seemed suspicious, and the druggist has been missing articles for some time, he decided not to reveal himself but to watch the boy. The lad, after looking about to see that no one was watching, walked up to the show case and inserting his hand in a box of tobies, began to fill his pockets. The druggist immediately walked out from behind the screen and the boy started to run, but was captured and made to give up all the tobacco in his possession. After lecturing the boy soundly on the evil of his ways, the druggist allowed him to go.

DID NOT CHOOSE A CAPTAIN.

Company E Received Orders from Colonel Gyger to Defer Action.

Company E did not elect a captain last night, as it was their intent to do. A communication from Colonel Gyger, asking that the selection of a captain be deferred until further orders, was received, was the cause of the postponement. Another meeting will be held next Monday night and meanwhile an order ordering an election is expected. Lieutenant Finley received a letter from the manager of a dramatic society, who wishes to instruct the members of the company in the production of a military drama to be played here. The boys favor the idea and the question is being taken under advisement.

WILL BUILD SOON.

A New Church Will Take the Place of the Old.

The German Lutheran church will soon break ground for the erection of a new place of worship. \$2,700 having already been raised, and in a short time it is expected to increase that amount to \$3,000, when work will be commenced at once.

THE HUMANE SOCIETY

Has Complaints From Parents and Guardians

RESPECTING SCHOOL CHILDREN

And Their Treatment by Certain Teachers—The Society Claims That the Complaints Have Not Been Made Before the Proper Authorities.

An agent of the humane society reported at the News Review office this morning and stated that numerous complaints have been sent to the humane headquarters, particularly from the East End schools, asserting that the teachers are not sufficiently considerate of the welfare of the pupils, and that the youngsters are frequently debarred from privileges which are absolutely essential to their health and well being. The agent did not give names of complainants, but stated that the complaints have been made from the East End, periodically, during the past two years, while letters on the same subject have also been received from parents whose children are attending the schools in the down town districts. Our informant further stated that no action in the premises would be taken until the parties most interested will carry the question before the proper tribunal, and there give testimony as shall prove, beyond the question of a doubt, that the complaints are based on justice and well founded.

There is the possibility, and a very strong probability, that the complaints emanate from children who do not love the discipline of a well controlled and well regulated school, but who have a very earnest desire to do just as they please. And, again, complaints may come from parents who are not well regulated themselves, and whose main object is to vent petty spite upon some particular teacher, or to cause general trouble to those in charge of educational matters. If the writers of said letters have right and justice on their side, and if evils exist which should be remedied, then it is the bounden duty of good citizens to come out plainly and let the public have full details. Turn on the light.

LISBON NEWS.

The Latest News at the County Capital.

Special to the News Review.

LISBON, Feb. 12.—The judgment which Mrs. Belle Lyons recovered in Squire Rose's on the first day of this month against Manda Laughlin for \$300 was this morning appealed to common pleas court. The claim was against the estate of Mrs. Susan Latham, an aged lady who died in Calcutta recently.

Three years ago Adam Stump entered into a contract with William Nichol and John Scott whereby he sold to them all the timber that was then on a ten-acre tract of land, which they were to clear away in two years. The land has since been sold by him to his son, Benjamin Stump, who filed an action for \$300 damages, alleging breach of contract. The men, he claims, had left it covered with underbrush and parts of trees felled by them, which they have since refused to clear away according to contract.

The executors of the estate of the late Josiah Thompson this morning sold to Mary A. Golding lot 630 in East Liverpool, for \$24,000.

The following marriage licenses issued to East Liverpool parties this morning. W. J. McCullough and Jennie Mills, Bert Hiner and Belle Pennock.

Saloonkeepers are strictly in the swim from East Liverpool. Gus Mautz has one indictment to answer; Mrs. Sarah Hamill has eight; David Barnhardt four. There are 26 indictments against 14 different saloonkeepers. Some of the subpoenas sworn out have not yet been served. The present outlook indicates that legality and the observance of controlling ordinances have not had much attention given them by a number of saloonists of East Liverpool.

HOW IT DID BLOW.

Damage Caused by the Wind Last Night.

The intensity of the wind was greater last night than has been known for some time. Many merchants arose this morning to find that their signs, barrels and boxes were lying around in a promiscuous manner. Garbage boxes were dumped over, and the contents spilled on the ground. The velocity of the gale was so strong that the wall of the Rinehart building, which was destroyed by fire on Second street recently, was blown down, and the wires of the telephone company, the electric light

plant and the feed wire of the electric line were all dragged down, being in the path of the wall when it fell. The contact of the wires with the mass of debris was the cause of a grand pyrotechnic display at the electric light plant, flashes and flames shooting out from the machines in such a manner that Night Engineer Wynn was almost terrified by the unusual occurrence. He recovered his composure, however, and the display soon ceased. An investigation showed that no damage was caused. The lines were repaired today.

WHEN THEY WILL LEAVE.

The Dates When the Ball Players Will Join Their Clubs.

The ball players of this city who have signed with professional clubs are getting in shape, and will join their teams on the following dates. Mercer will go to Washington on April 1; Carey leaves on March 12, to go south with the Baltimore club; Lynch and Twaddie go to Syracuse on the 22d of March. Mercer and Carey have both received a substantial increase in salary and will endeavor to keep up their records as ball players the coming season. This is the first engagement for Lynch and Twaddie with a professional club, but their friends in this city have every confidence in them, and think that by next year this city will have two more ball players of national reputation.

JAPANESE WEDDING.

There Will be Fun on Deck in the East End.

On Tuesday evening, February 18, there will take place in the East End, at the Methodist Episcopal church, a Japanese wedding. Thirteen fair damsels and three brave young men will take part in the ceremony, in conformity with the plans and usages common to such a festive and happy occasion in Japan. Japanese tea will be furnished to all those present, free of cost. The entertainment promises to be a delightful one, and yourself and your lady friends, cousins, sisters, aunts and sweethearts, have a cordial invitation to be present. The admission is but 15 cents.

GOT THE WRONG TRAIN.

Noted Sports in the City Last Evening.

P. J. Murphy, a brother of the Murphy who is to fight James Barry at the El Paso carnival, spent a few hours in this city under peculiar circumstances last night. He, in company with two friends, were on their way from New York to the distic carnival, and in changing cars at Pittsburgh got aboard a Cleveland and Pittsburgh train by mistake. They came as far as this place before getting off and left on the midnight train for Chicago in the hope of catching the excursion train that left Pittsburgh yesterday afternoon for the carnival.

MORE PROTECTION

Is What Fire Chief Adam Thinks About It.

Chief Adam, of the fire department, thinks that the city should have better facilities for protection against fire. He thinks that it is necessary to have more fire plugs placed in the city. There is not a sufficient number in the prominent part of the city, and although there is plenty of hose a plug might become disabled and serious delay be occasioned before a stream could be turned on. A number of councilmen have expressed themselves in favor of having more plugs placed in position and in all probability the work will be done.

THE SUPERINTENDENT HERE.

Mr. Scriven Again in Conference With Mr. Metch.

Superintendent Scriven, of the Cleveland and Pittsburgh division, was in the city yesterday in consultation with Christian Metch in regard to the purchase of the property. Mr. Metch is very reticent and refuses to talk, but it is said that final arrangements for the completion of the deal are being made. The acquisition of this property to the Pennsylvania company would in a measure interfere with the proposed new railroad, if the route lies over the river front.

WILL MAKE A LOOP

At Wellsville if They Can Get Permission.

Superintendent Andrews had a conference recently with the city council of Wellsville in regard to the proposed change in the terminus of the line in that city. The council of that village are favorably inclined to granting the railway company's request, but first want to look over the ground. Mr. Andrews says that as soon as the request is granted, work will be started and the worn out turntable at that point will soon be a thing of the past.

THAT SALARY QUESTION

Claims Committee Met and Acted Last Night.

COUNCIL WILL MEET TONIGHT

The Solons Will Convene Tonight, and There is Earnest Work Anticipated. The Salary Ordinance Will be Brought Forward for Final Consideration.

Council will meet this evening in regular session and the probabilities are that the salary ordinance introduced by Mr. Stewart will be finally disposed of. Whether it will be passed or not is a hard question to answer, but the outlook for its adoption is good, as it is known that at least two members of the finance committee are in favor of the ordinance. Clerk Hanley has compiled the figures for that committee to be referred to council tonight.

Claims committee met last night and disposed of a number of bills. Hanley, Purinton, Mayor Gilbert, Chief Adam and Commissioner Welsh were present, Owen and Horwell being absent. Member Purinton acted favorably on almost all of the bills, and Mr. Owen looked over them today at noon and attached his signature. There was considerable discussion over the bill of the Ceramic City Light company, which was \$132 for the month. The committee decided to refer the bill back to the company for deduction, owing to the fact that the lights on the western circuit were not burning for almost a week. This was the only bill that gave rise to any strong objection. The bill of \$360.49 for judgment and costs in the case of West versus the city of East Liverpool, favorable action was taken and the bill ordered paid. The water works bill was an unusually large one, owing to the number of improvements that have been made recently. The session was short, the batch of bills not being so large this month. Following are the bills paid:

City fire department, \$110; T. S. McCready, \$2.55; board of health, \$210.13; Waggle & Grosshans, \$33.65; W. E. Cooper, \$123.90; Huntsman, 68 cents; P. M. Smith, \$50; W. & W. pharmacy, 88 cents; Robbins Electric company, \$4.20; city water works, \$135.39; the Stark county workhouse, \$169.92; Purinton and Shawk, \$7.20; the Standard livery, \$18.75; J. E. Bowers, 25 cents; H. Yates, \$18.48; Charles Childers, \$10.50; police, patrolman and marshal, \$302; firemen's salary, \$150; Isaac Shamp, \$9; Eagle hardware, \$202; Standard pottery, \$309.30; John Ryan, \$11.85; John A. George, \$124.36; city fire department, \$1.70; Aaron McDonald, \$11.29; William Welch and men, \$189.25; judgment and costs in case West versus city of East Liverpool, \$360.49; Henry Deldrick, for general repairing, \$18.40.

MAY YET MATERIALIZE.

Speak Easy Proprietors Seem to Have Influential Friends.

EDITOR NEWS REVIEW.—Why is this thus? I have reference to the fact, beyond successful contradiction, that the proprietress of a vile speakeasy of East Liverpool seems to have sufficient power behind the throne to keep her out of the meshes of the law. To my certain knowledge she was booked for trouble on account of her nefarious practices, and two of her patrons were subpoenaed to attend court at Lisbon. But, at the eleventh hour, these witnesses were, in some peculiar manner, excused. Why is this thus? How comes it that the majesty of the law can thus be trifled with? Turn on the light.

M'KINLEY CLUB BANQUET.

Preparations are Now Complete and a Good Crowd Expected.

The arrangements for the observance of Lincoln Day by the McKinley club of this city have been perfected. Prominent Republican speakers from over the county will be present, and the club have given into their care 16 toasts on the life of Lincoln. Between 150 to 200 persons are expected to be present and partake of the banquet. The club will meet at their rooms on Fifth street at 8 o'clock and go to the hotel at 9. All Republicans are invited to be present. Tickets can be secured from any member of the club.

Killing Sheep.

A number of sheep have lately been killed by dogs in Hancock county. The other night four foxhounds belonging to William Prosser played havoc with the flock of A. C. Pugh, of Chester. After starting the dogs became bloodthirsty and did not cease their ruthless work until 29 head of sheep were torn to pieces. The dogs were shot and the state will have a pretty penny to pay.

The intensity of the wind was greater last night than has been known for some time. Many merchants arose this morning to find that their signs, barrels and boxes were lying around in a promiscuous manner. Garbage boxes were dumped over, and the contents spilled on the ground. The velocity of the gale was so strong that the wall of the Rinehart building, which was destroyed by fire on Second street recently, was blown down, and the wires of the telephone company, the electric light

plant and the feed wire of the electric line were all dragged down, being in the path of the wall when it fell. The contact of the wires with the mass of debris was the cause of a grand pyrotechnic display at the electric light plant, flashes and flames shooting out from the machines in such a manner that Night Engineer Wynn was almost terrified by the unusual occurrence. He recovered his composure, however, and the display soon ceased. An investigation showed that no damage was caused. The lines were repaired today.

WHEN THEY WILL LEAVE.

The Dates When the Ball Players Will Join Their Clubs.

The ball players of this city who have signed with professional clubs are getting in shape, and will join their teams on the following dates. Mercer will go to Washington on April 1; Carey leaves on March 12, to go south with the Baltimore club; Lynch and Twaddle go to Syracuse on the 22d of March. Mercer and Carey have both received a substantial increase in salary and will endeavor to keep up their records as ball players the coming season. This is the first engagement for Lynch and Twaddle with a professional club, but their friends in this city have every confidence in them, and think that by next year this city will have two more ball players of national reputation.

JAPANESE WEDDING.

There Will be Fun on Deck in the East End.

On Tuesday evening, February 18, there will take place in the East End, at the Methodist Episcopal church, a Japanese wedding. Thirteen fair damsels and three brave young men will take part in the ceremony, in conformity with the plans and usages common to such a festive and happy occasion in Japan. Japanese tea will be furnished to all those present, free of cost. The entertainment promises to be a delightful one, and yourself and your lady friends, cousins, sisters, aunts and sweethearts, have a cordial invitation to be present. The admission is but 15 cents.

GOT THE WRONG TRAIN.

Noted Sports in the City Last Evening.

P. J. Murphy, a brother of the Murphy who is to fight James Barry at the El Paso carnival, spent a few hours in this city under peculiar circumstances last night. He, in company with two friends, were on their way from New York to the fistic carnival, and in changing cars at Pittsburg got aboard a Cleveland and Pittsburg train by mistake. They came as far as this place before getting off and left on the midnight train for Chicago in the hope of catching the excursion train that left Pittsburg yesterday afternoon for the carnival.

MORE PROTECTION

Is What Fire Chief Adam Thinks About It.

Chief Adam, of the fire department, thinks that the city should have better facilities for protection against fire. He thinks that it is necessary to have more fire plugs placed in the city. There is not a sufficient number in the prominent part of the city, and although there is plenty of hose a plug might become disabled and serious delay be occasioned before a stream could be turned on. A number of councilmen have expressed themselves in favor of having more plugs placed in position and in all probability the work will be done.

THE SUPERINTENDENT, HERE.

Mr. Scriven Again in Conference With Mr. Metsch.

Superintendent Scriven, of the Cleveland and Pittsburg division, was in the city yesterday in consultation with Christian Metsch in regard to the purchase of the property. Mr. Metsch is very reticent and refuses to talk, but it is said that final arrangements for the completion of the deal are being made. The acquisition of this property to the Pennsylvania company would in a measure interfere with the proposed new railroad, if the route lies over the river front.

WILL MAKE A LOOP

At Wellsville if They Can Get Permission.

Superintendent Andrews had a conference recently with the city council of Wellsville in regard to the proposed change in the terminus of the line in that city. The council of that village are favorably inclined to granting the railway company's request, but first want to look over the ground. Mr. Andrews says that as soon as the request is granted, work will be started and the worn out turn table at that point will soon be a thing of the past.

THAT SALARY QUESTION

Claims Committee Met and Acted Last Night.

COUNCIL WILL MEET TONIGHT

The Salons Will Convene Tonight, and There is Earnest Work Anticipated. The Salary Ordinance Will be Brought Forward for Final Consideration.

Council will meet this evening in regular session and the probabilities are that the salary ordinance introduced by Mr. Stewart will be finally disposed of. Whether it will be passed or not is a hard question to answer, but the outlook for its adoption is good, as it is known that at least two members of the finance committee are in favor of the ordinance. Clerk Hanley has compiled the figures for that committee to be referred to council tonight.

Claims committee met last night and disposed of a number of bills. Hanley, Parinton, Mayor Gilbert, Chief Adam and Commissioner Welsh were present, Owen and Horwell being absent. Member Parinton acted favorably on almost all of the bills, and Mr. Owen looked over them today at noon and attached his signature.

There was considerable discussion over the bill of the Ceramic City Light company, which was \$132 for the month. The committee decided to refer the bill back to the company for deduction, owing to the fact that the lights on the western circuit were not burning for almost a week. This was the only bill that gave rise to any strong objection. The bill of \$360.49 for judgment and costs in the case of West versus the city of East Liverpool, favorable action was taken and the bill ordered paid. The water works bill was an unusually large one, owing to the number of improvements that have been made recently. The session was short, the batch of bills not being so large this month. Following are the bills paid:

City fire department, \$110; T. S. McCready, \$2.55; board of health, \$210.13; Waggle & Grosshans, \$33.65; W. E. Cooper, \$123.90; Huntsman, 68 cents; P. M. Smith, \$50; W. & W. pharmacy, 88 cents; Robbins Electric company, \$4.20; city water works, \$135.39; the Stark county workhouse, \$169.92; Parinton and Shawk, \$7.20; the Standard livery, \$18.75; J. E. Bowers, 25 cents; H. Yates, \$18.48; Charles Childers, \$10.50; police, patrolman and marshal, \$302; firemen's salary, \$150; Isaac Shamp, \$9; Eagle hardware, \$202; Standard pottery, \$309.30; John Ryan, \$11.85; John A. George, \$124.36; city fire department, \$1.70; Aaron McDonald, \$11.29; William Welch and men, \$189.25; judgment and costs in case West versus city of East Liverpool, \$360.49; Henry Deldrick, for general repairing, \$18.40.

MAY YET MATERIALIZE.

Speak Easy Proprietors Seem to Have Influential Friends.

EDITOR NEWS REVIEW—Why is this thus? I have reference to the fact, beyond successful contradiction, that the proprietress of a vile speakeasy of East Liverpool seems to have sufficient power behind the throne to keep her out of the meshes of the law. To my certain knowledge she was booked for trouble on account of her nefarious practices, and two of her patrons were subpoenaed to attend court at Lisbon. But, at the eleventh hour, these witnesses were, in some peculiar manner, excused. Why is this thus? How comes it that the majesty of the law can thus be trifled with? Turn on the light.

ONE WHO KNOWS.

M'KINLEY CLUB BANQUET.

Preparations are Now Complete and a Good Crowd Expected.

The arrangements for the observance of Lincoln Day by the McKinley club of this city have been perfected. Prominent Republican speakers from over the county will be present, and the club have given into their care 16 toasts on the life of Lincoln. Between 150 to 200 persons are expected to be present and partake of the banquet. The club will meet at their rooms on Fifth street at 8 o'clock and go to the hotel at 9. All Republicans are invited to be present. Tickets can be secured from any member of the club.

KILLING SHEEP.

A number of sheep have lately been killed by dogs in Hancock county. The other night four foxhounds belonging to William Prosser played havoc with the flock of A. C. Pugh, of Chester. After starting the dogs became bloodthirsty and did not cease their ruthless work until 29 head of sheep were torn to pieces. The dogs were shot and the state will have a pretty penny to pay.

For President,

WILLIAM MCKINLEY,

Of Ohio.

CHARITY AND FORGIVENESS.

Charity covers a multitude of sins.

Bear this in mind, ye who have faults

and failings. Do unto others as ye

would that others should do to you.

The true definition of charity has

been declared, by our best commen-

tators, to be LOVE. Do you love your

fellow sinners? "A new command-

ment give I unto you, that ye love one

another." Are you obeying this com-

mandment? It is considered manly,

by men of true courage and manhood,

to forgive your enemy when he makes

acknowledgement of his fault.

And now Matthew Stanley Quay

is heralded as a candidate for the

presidency of the United States, and

a portion of the public press of Penn-

sylvania seems to imagine that he can

secure the plum by simply asking for

it. Matthew Stanley has done much

for the Republican party, and is a

man of strong brain power, as well as

an astute, far-seeing politician. But

Matthew Stanley and his friends must

bear in mind the fact that one Wil-

liam McKinley, well and favorably

known all over the United States,

soldier and statesman, friend and

helper of the masses, champion of

protection to home and home indus-

tries, has consented to accept the

position of president of these United

States when Grover has stepped down

SILVER BILL DOOMED.

Tariff Bill Substitute Sure of

Defeat in the Senate.

THE MAIN MEASURE IN DOUBT.

It Lacks Two Votes of Enough to Pass

These Must Come From Either Demo-

cratic or Populist Sources—Some Still

Have Hopes.

WASHINGTON, Feb. 11.—Senator Quay

has almost decided to withdraw his mo-

tion to recommend the tariff bill, or at

least not to press it. This was the re-

sult of the investigation of several Re-

publican senators who, after canvassing

the situation among the Democratic

senators, have ascertained to their sat-

isfaction that while there would be a

solid vote on the part of both Democrats

and Populists against recommitment, there

would be no difficulty in getting a com-

paratively large vote on the Democratic

side of the chamber against the free

coinage substitute for the bill.

This turn in the situation has led to

an active canvass of the probable vote

on the substitute and on the original

bill in case the substitute is voted down.

This survey has necessarily been incom-

plete, but the result is such as to cause

the opponents of the substitute to be-

lieve that it can be defeated. They count

upon the entire anti-silver Republican

vote on the Republican side besides the

votes of many of the silver Republicans,

who will not agree to displace the tariff

bill with silver and also upon getting a

large majority, if not all of the anti-

silver Democrats, against the substitute.

With the substitute defeated the vote

would recur on the tariff bill proper.

The friends of this measure are not

so sure of its success as are the antago-

nists of the substitute of the defeat of

that measure. They are led to believe

that there will be a solid Democratic

and Populist vote against the tariff bill

and they also recall that Senator Baker

of Kansas declared in caucus his inten-

tion of opposing the tariff bill in the

senate. In the event of Mr. Baker ad-

hering to this determination it would

be necessary to secure two votes from

either Democratic or Populist sources

to secure the passage of the measure.

There are some who believe these can

be secured. The vote will in any event

be very close and it is so doubtful at

this time as to render a prediction a mere

guess.

FREEDOM FOR CUBA.

A Resolution Offered in the Senate by

Senator Cameron.

WASHINGTON, Feb. 11.—In the senate

Senator Cameron (Pa.) offered a joint

resolution, which quotes the president's

reference to the Cuban war in his last

message, declares that there are no

means of securing peace to Cuba, ex-

cept by giving it the right to self gov-

ernment and offers to Spain the friendly

offices of the United States to bring

about the recognition of the independ-

ence of Cuba.

Mr. Smith addressed the senate in

favor of the Monroe doctrine.

Mr. Morrill, chairman of the finance

committee, gave notice that he would

call up the tariff bill on next Wednes-

day. Mr. Call secured unanimous con-

sent that the Cuban question be made

the special order following the deficien-

cy appropriation bill. Mr. Davis, author

of the Davis resolution on the Monroe

doctrine, gave notice that on next Mon-

day he would call up the resolution.

court proceedings.

WEYLER, THE TYRANT

He Is Sworn In as Captain-General of Cuba.

A REIGN OF TERROR EXPECTED.

People of Havana Received Him With Great Enthusiasm—Ladies Showered Flowers on the New Commander—Will Try to Force a Pithed Battle.

HAVANA, Feb. 11.—The steamer Alfonso XIII has arrived here having on board General Valeriano Weyler, who succeeds General Campos as captain-general of Cuba. Nicolas, Marquis of Tenebriff, and Generals Enrique Bargas, Ferrer, Ochoa, Miguel Melquillo, Martinez Ahumada, Luis Castellon, Sanchez Bernal and Juan Arolas, the latter being the hero of Jolo, Philippine islands. The entire city was brilliantly decorated in honor of the occasion, and the bay was a splendid sight, all the warships and merchant craft present being decorated with bunting. The wharves were crowded with people at an early hour, and all the steamers and tug boats procurable were loaded with sight-seers.

General Weyler was welcomed by the city council on board the Alfonso XIII. He was presented with an address of welcome and assurance of loyalty. Then the captain general came ashore and was received by General Marin and

CAPTAIN GENERAL WEYLER.

staff. The streets were packed with people who displayed the greatest enthusiasm. The balconies in all the streets about the water front and in the vicinity of the palace were full of ladies in holiday attire and they showered flowers upon the new commander as he passed. Upon arriving at the palace General Weyler formally took over the duties of the captain generalship, taking the oath of fealty over a crucifix and upon a bible.

So far as the general situation is concerned there is not much change. Indeed, no change of importance is expected for some days. General Weyler will first devote himself to a complete review of the operations already undertaken, and he will then figure out the situation as it actually exists.

He will examine into the sensational reports which have been circulated by agents of the insurgents and others to the effect that large quantities of stores, arms and ammunition are missing from the different depots and have found their way into thousands of insurgents. The exact plan of campaign of General Weyler, naturally, is not known, but it is believed that he will try to force the rebels into a pitched battle.

A reign of terror is now likely to be inaugurated, as General Weyler is a bloody tyrant. It is said that he will force the people of Cuba, who have heretofore remained neutral to take sides. Consequently, there has been an exodus of Spaniards and Cubans ever since his appointment as captain general.

SEATS WILL BE LOST.

Kentucky Democrats and Republicans Getting Ready to Unseat Legislators.

FRANKFORT, Ky., Feb. 11.—This week is expected to develop a number of sensations in the senatorial contest, and many of the politicians think that a senator will be elected before its close.

It is said here that the house will take up and dispose of the two contested election cases, putting in both Dunlap and Werner, Republicans. The Democratic majority in the senate is said to be ready to declare vacant the seats of half a dozen Republican senators.

The roll call for the seventeenth ballot showed 102 members present; necessary to choice, 52. The ballot resulted: Hunter, 51; Blackburn, 46; Carlisle, 3; McCreary, 2. Hunter again lacked the one vote necessary to elect.

PREPARING TO ARBITRATE.

England Orders an Inquiry Regarding the Disputed Territory.

LONDON, Feb. 11.—The Bradford Observer says it learns that the Marquis of Salisbury has requested the authorities of British Guiana to inquire into the number and extent of the districts occupied by British subjects.

This points to the fact that the British government is willing to arbitrate on condition that Great Britain be allowed to retain the districts occupied by British subjects, or that the latter be compensated for their loss by Venezuela in the event of the territory passing into the possession of the latter country.

Active in Miss Barton's Behalf.

CONSTANTINOPLE, Feb. 11.—The United States minister, Mr. Alexander W. T. Russell, is using his influence with the Turkish government in order to procure the necessary escorts and protection for Miss Clara Barton, president of the American Red Cross society, and her assistants, while they are distributing relief to the suffering Armenians.

GOLD FOR THE BONDS.

New York Sub-Treasury Officials Busy Receiving Gold.

NEW YORK, Feb. 11.—Sub-treasury officials have been busily engaged receiving gold on deposit in payments of installments on bids for the new government bonds by individuals and representatives and employees of banks and institutions. The total figured out is \$8,749,524. The greater part of this sum was represented by the turning over to the sub-treasury of checks for gold deposited at the assay office and receipts for gold previously deposited at the sub-treasury for examination. The deposits at the assay office amounted to \$470,000 in gold bars, and these figures in the above grand total. The figures of fresh gold deposited for examination at the sub-treasury were not available. The withdrawals footed up about \$1,600,000 in coin.

The news of the appointment of a number of gold depositaries for the new bonds was hailed with considerable satisfaction by the street, as it will go a great way toward averting extreme disturbance of the money market. These depositaries will receive gold direct from the bidders for bonds and will turn it over to the sub-treasury about as fast as received, the depositors being given receipts and the amounts being credited to them at Washington. The bonds will be sent to the treasury department upon completion of the payments.

IMPORTANT SUIT DECIDED.

It Involved the Title to 2,000 Acres of West Virginia Land.

SUTTON, W. Va., Feb. 11.—Judge Bennett held a special term of circuit court here for the purpose of rendering a decision in the chancery cause of William Parker, receiver, etc., of New York city, against L. M. Wade of this place. This suit involved the title to 2,000 acres of land in this and Gilmer counties, and is well worth \$30,000. Plaintiff's bill was dismissed with costs. This suit was first brought in the United States circuit court, afterwards dismissed and brought to the circuit court of Braxton county, and has been pending for about five years, and has attracted wide attention, as it has been Wall Street against one of West Virginia's well known citizens.

Judge Bennett, in deciding the case, said that in no phase of the case was the plaintiff entitled to recover, and his opinion on this case clearly demonstrates the fact that New York land sharks can't steal the people's land in this circuit. The law firms of Dulin and Hall, Hines and Kelly, and Morrison and Corby represented the defendant.

POLICE UNDER BRITISH CONTROL.

The Chance of Another Jameson Affair Lessened—President Kruger's Reply.

LONDON, Feb. 11.—The British Chamber of Commerce has issued a statement to the effect that the annual meeting of that organization has been postponed owing to the inexperience of holding it while the trial of Dr. Jameson is pending. The statement adds that the company is satisfied that although the charted police will hereafter be controlled by the government the position of the company is otherwise not affected.

Dudley Churchill Majorbank, eldest son of Baron Tweedmouth, and a lieutenant in the Fourth battalion of the Argyll and Southern Highlanders, claiming \$100,000 damages for breach of promise of marriage, which was to have been tried last week at the High Court, has been settled out of court.

Miss Sutherland, who had previously refused \$15,000 to settle case, has withdrawn her suit upon the payment of \$25,000.

A WOMAN'S TONGUE

Wagging Mysteriously Concerning the Bryan Murder.

MISS HOLLINGSWORTH TALKING.

She Makes Two Different Confessions—Her Statements Partly Born Out by Rail-roads—Newport Grand Jury May Indict Walling and Jackson.

INDIANAPOLIS, Feb. 11.—Lulu May Hollingsworth, the young woman who is supposed to know something about the Port Thomas murder mystery, has made two alleged confessions. She first said, Pearl Bryan returned to this city from Cincinnati in company with Walling on the Thursday night of which Walling has no definite recollection; that Walling and Pearl Bryan stayed at a South Illinois street hotel that night and returned to Cincinnati Friday morning; that the poison was administered to Pearl Bryan here.

It is said by railroads that a woman left this city on the C. H. & D. train on that morning; that she was taken deathly sick at Morristown, there the last trace of her was obtained.

In her second confession she said the death of Pearl Bryan was caused by an abortion, and that it was performed in a stairway in this city. Miss Hollingsworth says that she performed the abortion at the request of Miss Bryan. She also claims to have received a letter from Jackson, in which he explains how and where the woman was decapitated.

In the letter, according to her story, Jackson said that Miss Bryan died in his room, that he hired a horse and buggy and employed a negro to assist him. The negro, with the body of Miss Bryan, drove to Fort Thomas, where Jackson was in waiting. The negro cut off the head of the young woman with a cleaver and Jackson threw it into the river from the suspension bridge.

The police here believe Miss Hollingsworth is a notoriety seeker and discredit her story.

So far she has been unable to verify her story, and, although the officers have worked constantly, they have been unable to find anything to substantiate it.

KENTUCKY AFTER THEM.

Pearl Bryan's Murderers Likely to Be Indicted at Newport.

CINCINNATI, Feb. 11.—While the authorities here are investigating whether Pearl Bryan was murdered in this city and her body hauled across the river to Fort Thomas, the grand jury at Newport, Ky., is inquiring into the mystery, and indictments are expected for the murder in Kentucky. Although the decapitated body was found one week ago last Saturday, the head has not yet been found. It is not known where Pearl was murdered, how she was murdered or when she was murdered. It has been believed that she was murdered Friday night, Jan. 31, but now the theory is held that she was murdered on Thursday night.

It is believed that the trials of the murders will be in Kentucky, and the trials of accomplices in abortion in Indiana and Ohio, and even then the mystery may not be cleared up. When the bloody coat found in the sewer was taken to the jail it precipitated another controversy between the prisoners. The coat fit Jackson and was much too small for Walling. Jackson identified the coat as his, but said Walling wore it when he murdered Pearl. Walling admits the bloodstained razor belongs to him, but says Jackson took it for his bloody work. Among the effects found near the body is a bloody shirt-sleeve. If Walling were Jackson's coat his shirt-sleeve would have protruded so as to have been easily torn off in the murderous struggle.

Three rings were found in a sewer near where Jackson's coat was recovered, but an unknown man got away with them, and the search for the rings is as rigorous as for the head. The Bryan family at Greencastle, Ind., report that Pearl wore three rings when she left home in January, and none were found on the body.

An examination of the records at the dental college shows that Jackson and Walling were present as usual on Thursday, Jan. 30, but neither one of them was in attendance on Friday, Jan. 31, and the evidence against both of the suspects gets stronger every day.

TO CHALLENGE THE WINNER.

Corbett's Manager Will Be at the Ring-side Near El Paso.

EL PASO, Tex., Feb. 11.—It is now believed the Maher-Fitzsimmons fight will not take place until the scheduled date, although nearly all the arrangements are completed and it could be brought off at any time within a few hours.

William A. Brady has telegraphed that he will be at the ringside to challenge the winner in behalf of Corbett.

The authorities of New Mexico, Texas and Mexico are on the alert to prevent fighting on their territory.

Dr. J. W. Kerr, of Allegheny, who suddenly dropped dead, on Sunday last, was a pupil under Doctor Calhoun, of the East End, who formerly was a teacher at East Springfield college. Young Kerr was a bright scholar and developed into a skilled practitioner. The death is lamented by all.

Many topics of direct interest to the church will be discussed, and the business of the past year completed. These meetings are held bi-ennially.

The construction of the bridge connecting the Buckeye with the rear end of the deborating shop at Knowles, Taylor & Knowles has been commenced and the work will be completed as soon as possible. An addition is also being added to the pottery, and with the bridge, the removal of ware from the pottery to the deborating shop will be greatly facilitated.

Local union No. 4 met last night and initiated a large number of candidates into the organization. A successful effort has been made lately to induce many to join the ranks, and the result is exceedingly gratifying to those who are working so faithfully in the interests of the union. The utmost harmony prevails and the social feature that follows the business on all meeting nights is enjoyed by all.

WEYLER, THE TYRANT

He Is Sworn In as Captain-General of Cuba.

A REIGN OF TERROR EXPECTED.

People of Havana Received Him With Great Enthusiasm—Ladies Showered Flowers on the New Commander—Will Try to Force a Pitted Battle.

HAVANA, Feb. 11.—The steamer Alfonso XIII has arrived here having on board General Valeriano Weyler, who succeeds General Campos as captain-general of Cuba, Nicolau, Marquis of Tenorio, and General Enrique Bages, Fernando Ochoa, Miguel Melguizo, Sanchez Bernal and Juan Arolas, the latter being the hero of Jolo, Philippine islands. The entire city was brilliantly decorated in honor of the occasion, and the day was a splendid sight, all the warships and merchant craft present being decorated with bunting. The wharves were crowded with people at an early hour, and all the steamers and tug boats procurable were loaded with sight-seers.

General Weyler was welcomed by the city council on board the Alfonso XIII. He was presented with an address of welcome and assurance of loyalty. Then the captain general came ashore and was received by General Marin and

CAPTAIN GENERAL WEYLER.

staff. The streets were packed with people who displayed the greatest enthusiasm. The balconies in all the streets about the water front and in the vicinity of the palace were full of ladies in holiday attire and they showered flowers upon the new commander as he passed. Upon arriving at the palace General Weyler formally took over the duties of the captain generalship, taking the oath of fealty over a crucifix and upon a bible.

So far as the general situation is concerned there is not much change. Indeed, no change of importance is expected for some days. General Weyler will first devote himself to a complete review of the operations already undertaken, and he will then figure out the situation as it actually exists.

He will examine into the sensational reports which have been circulated by agents of the insurgents and others to the effect that large quantities of stores, arms and ammunition are missing from the different depots and have found their way into thousands of insurgents. The exact plan of campaign of General Weyler, naturally, is not known, but it is believed that he will try to force the rebels into a pitched battle.

A reign of terror is now likely to be inaugurated, as General Weyler is a bloody tyrant. It is said that he will force the people of Cuba, who have heretofore remained neutral to take sides. Consequently, there has been an exodus of Spaniards and Cubans ever since his appointment as captain general.

SEATS WILL BE LOST.

Kentucky Democrats and Republicans Getting Ready to Unseat Legislators.

FRANKFORT, Ky., Feb. 11.—This week is expected to develop a number of sensational in the senatorial contest, and many of the politicians think that a senator will be elected before its close.

It is said here that the house will take up and dispose of the two contested election cases, putting in both Dunlap and Werner, Republicans. The Democratic majority in the senate is said to be ready to declare vacant the seats of half a dozen Republican senators.

The roll call for the seventeenth ballot showed 52 yeas and 44 nays. The result: Hunter, 51; Blackburn, 46; Carlisle, 3; McCreary, 2. Hunter again carried the one vote necessary to elect.

PREPARING TO ARBITRATE.

England Orders an Inquiry Regarding the Disputed Territory.

LONDON, Feb. 11.—The Bradford Observer says it learns that the Marquis of Salisbury has requested the authorities of British Guiana to inquire into the number and extent of the districts occupied by British subjects.

This points to the fact that the British government is willing to arbitrate on condition that Great Britain be allowed to retain the districts occupied by British subjects, or that the latter be compensated for their loss by Venezuela in the event of the territory passing into the possession of the latter country.

Active in Miss Barton's Behalf.

CONSTANTINOPLE, Feb. 11.—The United States minister, Mr. Alexander W. Turrell, is using his influence with the Turkish government in order to procure the necessary escorts and protection for Miss Clara Barton, president of the American Red Cross society, and her assistants, while they are distributing relief to the suffering Armenians.

This Clears Erastus Wiman.

NEW YORK, Feb. 11.—District Attorney Fellows has made a recommendation in the court of general sessions that all the pending indictment against Erastus Wiman be dismissed. Judge McMahon promptly granted the motion.

Rebellion In Formosa Spreading.

ST. PETERSBURG, Feb. 11.—A dispatch to the Novoe Vremya from Vladivostok says that the insurrection against Japanese rule in the island of Formosa is spreading.

GOLD FOR THE BONDS.

New York Sub-Treasury Officials Busy Receiving Gold.

NEW YORK, Feb. 11.—Sub-treasury officials have been busily engaged receiving gold on deposit in payments of installments on bids for the new government bonds by individuals and representatives and employees of banks and institutions. The total figured out is \$8,749,524. The greater part of this sum was represented by the turning over to the sub-treasury of checks for gold deposited at the assay office and receipts for gold previously deposited at the sub-treasury for examination. The deposits at the assay office amounted to \$470,000 in gold bars, and these figure in the above grand total. The figures of fresh gold deposited for examination at the sub-treasury were not available. The withdrawals footed up about \$1,600,000 in coin.

The news of the appointment of a number of gold depositaries for the new bonds was hailed with considerable satisfaction by the street, as it will go a great way toward averting extreme disturbance of the money market. These depositaries will receive gold direct from the bidders for bonds and will turn it over to the sub-treasury about as fast as received, the depositors being given receipts and the amounts being credited to them at Washington. The bonds will be sent to the treasury department upon completion of the payments.

IMPORTANT SUIT DECIDED.

It Involved the Title to 2,000 Acres of West Virginia Land.

SUTTON, W. Va., Feb. 11.—Judge Bennett held a special term of circuit court here for the purpose of rendering a decision in the chancery cause of Willard Parker, receiver, etc., of New York city, against L. M. Wade of this place. This suit involved the title to 2,000 acres of land in this and Gilmer counties, and is well worth \$30,000.

Plaintiff's bill was dismissed with costs. This suit was first brought in the United States circuit court, afterwards dismissed and brought to the circuit court of Braxton county, and has been pending for about five years, and has attracted wide attention, as it has been Wall street against one of West Virginia's well known citizens.

Judge Bennett, in deciding the case, said that in no phase of the case was the plaintiff entitled to recover, and his opinion on this case clearly demonstrates the fact that New York land sharks can't steal the peoples' land in his circuit. The law firms of Dulin and Hall, Hines and Kelly, and Morrison and Corby represented the defendant.

POLICE UNDER BRITISH CONTROL.

The Chance of Another Jameson Affair Lessened—President Kruger's Reply.

LONDON, Feb. 11.—The British Chartered South Africa company has issued a statement to the effect that the annual meeting of that organization has been postponed owing to the inexperience of holding it while the trial of Dr. Jameson is pending. The statement adds that the company is satisfied that although the chartered police will hereafter be controlled by the government the position of the company is otherwise not affected.

A Pretoria special says: President Kruger has notified Sir Hercules Robinson, governor of Cape Colony, that he is willing to visit England according to the suggestion of Mr. Joseph Chamberlain, the secretary of state for the colonies, provided the subjects of the proposed conference between himself and Mr. Chamberlain are definitely specified before hand.

BALLET GIRL GETS \$25,000.

An English Nobleman Settles a Breach of Promise Case.

LONDON, Feb. 11.—The suit of Birdie Sutherland, a well-known member of the ballet, against the Hon. Dudley Churchill Majoribanks, eldest son of Baron Tweedmouth and a lieutenant in the Fourth battalion of the Argyll and Southland Highlanders, claiming \$100,000 damages for breach of promise of marriage, which was to have been tried before Judge Russell and a special jury, has been settled out of court.

Miss Sutherland, who had previously refused \$15,000 to settle case, has withdrawn her suit upon the payment of \$25,000.

Some Agricultural Figures.

WASHINGTON, Feb. 11.—The agricultural department returns for January, 1896, show the total number of horses to be 15,124,057; mules, 2,278,946; milch cows, 16,137,586; oxen and other cattle, 32,085,409; sheep, 38,298,783; and swine 42,842,759. The estimated wool product of 1895, sheared, butchered and pulled is 309,748,000 pounds.

State of the Gold Reserve.

WASHINGTON, Feb. 11.—Gold to the amount of \$2,351,000 has been withdrawn from the sub-treasury at New York presumably to be used again in making payment for bonds. This leaves the true amount of the gold reserve \$42,066,860.

A WOMAN'S TONGUE

Wagging Mysteriously Concerning the Bryan Murder.

MISS HOLLINGSWORTH TALKING.

She Makes Two Different Confessions—Her Statements Partly Born Out by Rail-roads—Newport Grand Jury May Indict Walling and Jackson.

INDIANAPOLIS, Feb. 11.—Lulu May Hollingsworth, the young woman who is supposed to know something about the Port Thomas murder mystery, has made two alleged confessions. She first said, Pearl Bryan returned to this city from Cincinnati in company with Walling on the Thursday night of which Walling has no definite recollection; that Walling and Pearl Bryan stayed at a South Illinois street hotel that night and returned to Cincinnati Friday morning; that the poison was administered to Pearl Bryan here.

It is said by railroads that a woman left this city on the C. H. & D. train on that morning; that she was taken deathly sick at Morristown, there the last trace of her was obtained. In her second confession she said the death of Pearl Bryan was caused by an abortion, and that it was performed in a stairway in this city. Miss Hollingsworth says that she performed the abortion at the request of Miss Bryan. She also claims to have received a letter from Jackson, in which he explains how and where the woman was decapitated. In the letter, according to her story, Jackson said that Miss Bryan died in his room, that he hired a horse and buggy and employed a negro to assist him. The negro, with the body of Miss Bryan, drove to Fort Thomas, where Jackson was in waiting. The negro cut off the head of the young woman with a cleaver and Jackson threw it into the river from the suspension bridge.

The police here believe Miss Hollingsworth is a notoriety seeker and discredit her story.

So far she has been unable to verify her story, and, although the officers have worked constantly, they have been unable to find anything to substantiate it.

KENTUCKY AFTER THEM.

Pearl Bryan's Murderers Likely to Be Indicted at Newport.

CINCINNATI, Feb. 11.—While the authorities here are investigating whether Pearl Bryan was murdered in this city and her body hauled across the river to Fort Thomas, the grand jury at Newport, Ky., is inquiring into the mystery, and indictments are expected for the murder in Kentucky. Although the decapitated body was found one week ago last Saturday, the head has not yet been found. It is not known where Pearl was murdered, how she was murdered or when she was murdered. It has been believed that she was murdered Friday night, Jan. 31, but now the theory is held that she was murdered on Thursday night.

It is believed that the trials of the murders will be in Kentucky, and the trials of accomplices in abortion in Indiana and Ohio, and even then the mystery may not be cleared up. When the bloody coat found in the sewer was taken to the jail it precipitated another controversy between the prisoners. The coat fit Jackson and was much too small for Walling. Jackson identified the coat as his, but said Walling wore it when he murdered Pearl. Walling admits the bloodstained razor belongs to him, but says Jackson took it for his bloody work. Among the effects found near the body is a bloody shirt-sleeve. If Walling wore Jackson's coat his shirt-sleeve would have protruded so as to have been easily torn off in the murderous struggle.

Three rings were found in a sewer near where Jackson's coat was recovered, but an unknown man got away with them, and the search for the rings is as vigorous as for the head. The Bryan family at Greencastle, Ind., report that Pearl wore three rings when she left home in January, and none were found on the body.

An examination of the records at the dental college shows that Jackson and Walling were present as usual on Thursday, Jan. 30, but neither one of them was in attendance on Friday, Jan. 31, and the evidence against both of the suspects gets stronger every day.

There were a number of horrible gashes on the back of the head, and near the body was found a bloody iron shovel, with which the murderer evidently struck down his victim. THE PLAY.

Nip and Tuck Produced to the Largest House of the Season.

The Grand was packed last night to greet the Webber Ideals in their opening production, "Nip and Tuck." Not a seat remained on the board at 7 o'clock, and it was the first time in the history of the house that the chart was not taken to the box office. Standing room was at a premium before 8 o'clock. The play was well received, sounds of prolonged applause showing the appreciation of the audience. Miss Jennie Tarr, as Fannie Dabney, displayed excellent talent, and was the recipient of a handsome basket of flowers from friends. Harry Webber and Allen Kelley, as Nip and Tuck, kept the audience in a continuous roar. Miss Carrie Webber, as an emotional actress, is far in advance of the average. Tonight the company produces "Camp 49," a western drama, full of fun and heavy acting.

TO THE PUBLIC.

Warm Words of Commendation For the Eclectic Treatment.

EAST LIVERPOOL, Feb. 10.—The fact that I drank was well known to my friends in East Liverpool. I was influenced to try the Eclectic remedies by a friend who had taken them a year ago. I have taken a course of treatment and I have no desire for liquor whatever. I was not detained from my work during treatment, in fact my friends knew nothing about me taking the treatment until I was through. I would advise anyone who wants to quit the liquor habit to try Eclectic remedies, for I am satisfied it has cured me. I also thank Mr. and Mrs. Swan for their kindness during treatment.

Yours Respectfully,
JOHN F. QUINN.

MASHED HIS FINGER.

A Painful Accident at Cartwright Bros. This Morning.

John McClosky, who is employed at Cartwright pottery, was the victim of a very painful accident this morning while at work. The wound is very painful and will cause him to lose several days' work.

On a Delicate Charge.

In Squire Rose's court today a young lady who resides in the East End appeared and swore out a warrant against a young man, on a delicate charge. It appears that he, on a number of occasions, promised to marry her, but always disappointed her when the time came. The young man was summoned and he expressed a willingness to marry the girl, which will probably end the case.

In a State of Bankruptcy

—Is the condition of our system if the liver becomes inactive so that the germs and poisons can accumulate within the body. Keep the liver and bowels active and we're in a condition of healthy prosperity and have sufficiently well invested capital to draw upon in the hour of need. The liver filters out the poisonous germs which enter the system. Just so surely as the liver regulates the system, so do Dr. Pierce's Pleasant Pellets regulate the liver. Keep this in mind, and you solve the problem of good health and good living. The "Pleasant Pellets" have a tonic, strengthening effect upon the lining membrane of the stomach and bowels, keep the system free from Biliousness, Sick Headache, Costiveness, or Constipation, Indigestion, Loss of Appetite, Bad Taste in Mouth, Sour Risings from Stomach, and will often cure Dyspepsia. The "Pellets" are tiny, because the vegetable extracts are refined and concentrated. Easy in action, no gripping with old-fashioned pills. As a "dinner pill," to promote digestion, take one each day after dinner. To relieve the distress arising from over-eating, nothing equals one of these little "Pellets."

Mrs. MELISSA ATWATER, of Steuben, Washington Co., Me., writes: "As regards the little 'Pellets,' I think I could not do without them. I do not like to be without them in the house. I have spoken very highly to friends and neighbors of them, and many are taking them through my advertising them. I will say they are the best pill I can take, especially for an after-dinner pill, I think they have no equal."

QUEEN'S SPEECH READ TODAY.

A Friendly Understanding With the United States Is in Prospect.

LONDON, Feb. 11.—The queen's speech was read at the opening of parliament today. It opens with expressing satisfaction that Great Britain is at peace with all the great powers, and in referring to the Transvaal incident recites the course of events rather than furnish an indication of the outcome.

There is a guarded allusion to the Venezuelan question there being no specific announcement made in regard to arbitration. But reference is made to the prospect of a friendly understanding with the United States with regard to the Venezuela dispute.

With reference to the deplorable events in Armenia the hope is expressed that the reforms will be carried out.

Among the bills proposed, one providing for voluntary schools, another for the relief of agricultural distress and one for the establishment of a board of agriculture in Ireland. There is also an allusion to the increase in the naval defenses.

A Terrible Scene.

Strohschneider, the famous aeronaut, astonished the natives of Stockerau, near Vienna, by carrying a young barister on his back along a tight rope 80 meters in length fixed to the church steeple. A few days later flaming posters appeared on the walls announcing that Strohschneider would effect a balloon ascent in the company of Herr Prammer, the popular landlord of the White Rose.

Notwithstanding the fact that the police had forbidden the landlord, who has a large family, from taking part in the performance, mine host entered the inclosure at the appointed time, to the no small delight of the assembled multitude. At a given signal the balloon rose in the air, Strohschneider and the landlord sitting on the trapeze beneath. Some of the spectators declare that the latter turned as pale as a sheet during his upward flight, though he did not fail to wave his hat to the crowd. After reaching a dizzy height the two balloonists were observed to quarrel and actually come to blows.

All at once the landlord plunged headlong into space. A shout of horror arose from the spectators, who ran to the spot where they expected to find Prammer lying with broken limbs. What was their astonishment at discovering, not a corpse, but a lay figure dressed in one of the landlord's suits. The mannikin was conveyed to Stockerau in triumph.—Herriedener Laubrosch.

For Wheelmen.

A certain lawyer's face was a puzzle the other day as he pored over a pamphlet. Finally he broke out with: "What the deuce they call this The Law Bulletin for I can't see." His companion shouted with laughter. "It's The L. A. W. Bulletin, you jay!" he cried, and then he chortled in his glee.—Worcester Gazette.

Useless Question.

"Dis ting's got to go t'rough," said one of the aldermen at the committee meeting. "Dere's money in it." "Fur de city?" asked a member of the council.

And the only reply he got was the glassy stare.—Chicago Tribune.

Malticous.

A.—Tom must have had an awful cold when he became engaged.

B.—Why?

A.—Because when one has a cold one has no taste.—Fliegende Blatter.

The Sick.

Mrs. C. W. Huffer, wife of Reverend Huffer, is recovering after a long illness with pneumonia.

Clifford Bouch, who was recovering from an attack of typhoid fever, had a relapse and is worse again.

LETTERS COST \$1 A PIECE.

California Miners Lined Up For the Mail, and Places Were Worth \$300.

A well known patent attorney in this city, who was in California in the early mining days, apropos the publication in The Post of the cost of carrying mails on the Yukon, makes some interesting statements about similar service on the Pacific coast in 1849-50:

"We had to pay \$1 for every letter sent or received," he states, "besides the government postage. We were in the mines and had to send a messenger, with an order for the postmaster to deliver to him our mail at Sacramento, a distance of from 75 to 100 miles, according to the location of the camps. Parties made a business of carrying the mail and had regular routes around through the mining camps.

"At that time mail went by way of the isthmus, there being but one steamer every three weeks. As a result, at San Francisco and at Sacramento, the two main offices and supply points for the state, there would be a large crowd waiting every time a mail arrived. They finally adopted a rule among themselves requiring all to form in line and take their turn, and hundreds stood or laid in line day and night to keep their places, sometimes several days before they could be served, the line being formed days before the steamer arrived. Resident speculators would take position in the line, and when they had advanced near the door would sell their place to others from the mines, who were waiting, frequently getting from \$100 to \$300.

"Such a thing can hardly be believed by those who have never had any such experience, but in the fall of 1849 an ox team driver got \$10 per day and board, Sundays being counted the same as other days, while carpenters got from an ounce (\$16) to an ounce and a half per day, everything else costing in proportion, and hence the mail carriers for the mines could better afford to pay for the position in line than to wait on expense and lose the time, they sometimes being kept waiting for a week before they could get all their mail for the several camps.

"One of the curious sights was the sale of the New York papers. As soon as the steamer arrived a man or boy with a lot of papers would rush ashore, mount a box and just as fast as he could hand out the papers and make change dispose of them at \$1 each. Of course in time all this changed, but communication with the States was then so slow and the time required so great that to us, isolated as we were from home and friends and the whole outside world, it seemed almost an eternity."—Exchange.

A Misfit.

"Yes," he answered, as he seemed to huddle himself in a heap. "I've done some odd things in my time. I've jumped from a train running at a speed of 48 miles an hour, and I can't say as I want to repeat the experiment."

"What was the occasion?"

"Three years ago. I did it for a bet of 20 shillings. The bet was that I wouldn't walk out on the platform and take the jump without picking out my ground. As it happened the ground was pretty clear, but £1,000,000 wouldn't get me to try it again."

"How did you come out?"

"Well, it's hard to describe the sensation. As I sprang from the step I seemed to fly. I sailed along in the air until my wings grew tired, and then I dropped down to see the country. Sometimes I beat the professionals all hollow, and again I made a mess of it. It was my intention to skip all the mud puddles and avoid all the stumps, but you can't always have your own way in this world. By and by I came up with a bang in a ditch corner, and waited for a first class hospital to visit me."

"Much hurt?"

"Might have been worse. Broke an arm, two ribs and had over 100 cuts and bruises, and it was seven weeks before I could walk a yard."

"But you won the 20 shillings?"

"Y-e-s, but there is where I always grow sad. The stakeholder forwarded it to me from his town in the shape of a coffin, and it didn't fit my length by seven inches. I had to sell the confounded thing as a misfit at half price."—Strand Magazine.

He Got the Message.

An experienced telegraph operator can from listening to the sounds understand a message on one kind of telegraph instrument without seeing it at all. One day an inspector walked into an office and began to question the clerk in charge. Suddenly a message began to arrive, and the clerk sat down to write it. The message was as follows: "Look out for squalls. The inspector is somewhere on the line and will be poking his nose in everywhere."

The inspector smiled as he listened to the message, while the poor clerk looked quite helpless. His superior, however, went to the instrument and sent back the answer: "Too late. He has already poked his nose in here."—Pearson's Weekly.

Was It Fate?

Those who hold that no man can avoid his fate may find support for their doctrine in the experience of Charles J. Weller of Elkhart, Ind. He was employed at grinding at an emery wheel, but regarding the position as dangerous handed in his resignation. Five minutes before the time for ending his last day at the work the wheel burst and killed him.—Philadelphia Ledger.

Do not think of knocking out another person's brains because he differs in opinion from you. It would be as rational to knock yourself on the head because you differ from yourself ten years ago.—Horace Mann.

THE PLAY.

Nip and Tuck Produced to the Largest
House of the Season.

The Grand was packed last night to
greet the Webber Ideals in their
opening production, "Nip and Tuck."
Not a seat remained on the board at
7 o'clock, and it was the first time in
the history of the house that the chart
was not taken to the box office. Stand-
ing room was at a premium before 8
o'clock. The play was well received,
sounds of prolonged applause showing
the appreciation of the audience.
Miss Jennie Tarr, as Fannie Dashley,
displayed excellent talent, and was
the recipient of a handsome basket of
flowers from friends. Harry Webber
and Allen Kelley, as Nip and Tuck,
kept the audience in a continuous
roar. Miss Carrie Webber, as an emo-
tional actress, is far in advance of the
average. Tonight the company pro-
duces "Camp 49," a western drama,
full of fun and heavy acting.

Warm Words of Commendation For the
Eclectic Treatment.

EAST LIVERPOOL, Feb. 10.—The fact
that I drank was well known to my
friends in East Liverpool. I was in-
fluenced to try the Eclectic remedies
by a friend who had taken them a
year ago. I have taken a course of
treatment and I have no desire for
liquor whatever. I was not detained
from my work during treat-
ment, in fact my friends
knew nothing about me tak-
ing the treatment until I was through.
I would advise anyone who wants to
quit the liquor habit to try Eclectic
remedies, for I am satisfied it has
cured me. I also thank Mr. and Mrs.
Swan for their kindness during treat-
ment.

Yours Respectfully,
JOHN F. QUINN.

MASHED HIS FINGER.

A Painful Accident at Cartwright Bros.
This Morning.

John McClosky, who is employed at
Cartwright pottery, was the victim
of a very painful accident this morn-
ing while at work. He was passing
through a door that leads from the
ware house to the kiln shed and had
his hand between the door and the
sill when someone kicked it to,
splitting one of his fingers badly. The
wound is very painful and will cause
him to lose several days' work.

On a Delicate Charge.

In Squire Rose's court today a young
lady who resides in the East End ap-
peared and swore out a warrant
against a young man, on a delicate
charge. It appears that he, on a num-
ber of occasions, promised to marry
her, but always disappointed her when
the time came. The young man was
summoned and he expressed a will-
ingness to marry the girl, which will
probably end the case.

Has Returned to Town.

Annie Smith, who, in company with
her father, ran away from town after
she had been sentenced to serve a
term in the reform school as an incor-
rigible, returned to the city a few
days ago. She was well dressed and
said that she had turned over a new
leaf and had secured honest employ-
ment. It is not thought that she will
be taken to the reform school.

In Squire Rose's Court.

In Squire Rose's court judgment was
given in two cases. Jasen H. Brookes,
assignee for A. C. Bradshaw, was
awarded \$413.36 against James Tatton.
account claimed on merchandise, and
Belle Lyons was given judgment for
\$105 against Amanda McClaughlin, \$55
for a board bill and \$50 for money that
was unknowingly destroyed.

The First Case.

The first case of typhoid fever this
month was reported today, it being a
child of Mr. Costlow, Waterloo road.
The fever has very materially de-
creased in the city in the past two
weeks, and in a short time at the
present rate the city will be entirely
free from the disease.

Funeral Tomorrow.

The funeral of the late John Brin-
ley will take place tomorrow after-
noon at 1 o'clock from his late resi-
dence, corner West Market and Tren-

Just so surely as the liver regulates the

regulate the liver. Keep this in mind, and
you solve the problem of good health and
good living. The "Pleasant Pellets" have
a tonic, strengthening effect upon the lin-

QUEEN'S SPEECH READ TODAY.

A Friendly Understanding With the
United States Is in Prospect.

LONDON, Feb. 11.—The queen's speech
was read at the opening of parliament
today. It opens with expressing satis-
faction that Great Britain is at peace
with all the great powers, and in refer-
ing to the Transvaal incident recites the
course of events rather than furnish an
indication of the outcome.

There is a guarded allusion to the
Venezuelan question, there being no
specific announcement made in regard
to arbitration. But reference is made
to the prospect of a friendly understand-
ing with the United States with regard
to the Venezuelan dispute.

With reference to the deplorable
events in Armenia the hope is expressed
that the reforms will be carried out.

Among the bills proposed will be
an employers' liability measure, one pro-
viding for volunteer schools, another
touching upon the Irish land law reform,
one for the relief of agricultural distress,
and one for the establishment of a board
of agriculture in Ireland. There is also
an allusion to the increase in the naval
defenses.

A Terrible Scene.

Strohschneider, the famous aeronaut,
astonished the natives of Stockerau,
near Vienna, by carrying a young bar-
bister on his back along a tight rope 80
meters in length fixed to the church stee-
ple. A few days later flaming posters
appeared on the walls announcing that
Strohschneider would effect a balloon
ascent in the company of Herr Prammer,
the popular landlord of the White Rose.

Notwithstanding the fact that the po-
lice had forbidden the landlord, who has
a large family, from taking part in the
performance, mine host entered the
inclosure at the appointed time, to the
no small delight of the assembled mul-
titude. At a given signal the balloon
rose in the air, Strohschneider and the
landlord sitting on the trapeze beneath.
Some of the spectators declare that the
latter turned as pale as a sheet during his
upward flight, though he did not fail to
wave his hat to the crowd. After reach-
ing a dizzy height the two balloonists
were observed to quarrel and actually
came to blows.

All at once the landlord plunged head-
long into space. A shout of horror arose
from the spectators, who ran to the spot
where they expected to find Prammer ly-
ing with broken limbs. What was their
astonishment at discovering, not a
corpse, but a lay figure dressed in one of

For Wheelmen.

A certain lawyer's face was a puzzle
the other day as he pored over a pam-
phlet. Finally he broke out with:
"What the deuce they call this The
Law Bulletin for I can't see."
His companion shouted with laughter.
"It's The L. A. W. Bulletin, you
jay!" he cried, and then he chuckled in
his glee.—Worcester Gazette.

Useless Question.

"Dis ting's got to go t'rough," said
one of the aldermen at the committee
meeting. "Dere's money in it."
"Fur de city?" asked a member of
the council.

And the only reply he got was the
glassy stare.—Chicago Tribune.

LETTERS COST \$1 A PIECE.

California Miners Lined Up For the Mail,
and Places Were Worth \$300.

A well known patent attorney in this
city, who was in California in the early
mining days, apropos the publication in
The Post of the cost of carrying mails
on the Yukon, makes some interesting
statements about similar service on the
Pacific coast in 1849-50:

"We had to pay \$1 for every letter
sent or received," he states, "besides
the government postage. We were in
the mines and had to send a messenger,
with an order for the postmaster to de-
liver to him our mail at Sacramento, a
distance of from 75 to 100 miles, ac-
cording to the location of the camps.
Parties made a business of carrying the
mail and had regular routes around
through the mining camps.

"At that time mail went by way of
the isthmus, there being but one steam-
er every three weeks. As a result, at
San Francisco and at Sacramento, the
two main offices and supply points for
the state, there would be a large crowd
waiting every time a mail arrived. They
finally adopted a rule among themselves
requiring all to form in line and take
their turn, and hundreds stood or laid
in line day and night to keep their
places, sometimes several days before
they could be served, the line being
formed days before the steamer arrived.
Resident speculators would take position
in the line, and when they had advanced
near the door would sell their place to
others from the mines, who were
waiting, frequently getting from \$100
to \$300.

"Such a thing can hardly be believed
by those who have never had any such
experience, but in the fall of 1849 an ox
team driver got \$10 per day and board,
Sundays being counted the same as other
days, while carpenters got from an
ounce (\$16) to an ounce and a half per
day, everything else costing in propor-
tion, and hence the mail carriers for the
mines could better afford to pay for the
position in line than to wait on expense
and lose the time, they sometimes being
kept waiting for a week before they
could get all their mail for the several
camps.

"One of the curious sights was the
sale of the New York papers. As soon
as the steamer arrived a man or boy
with a lot of papers would rush ashore,
mount a box and just as fast as he could
hand out the papers and make change
dispose of them at \$1 each. Of course in
time all this changed, but communica-
tion with the States was then so slow
and the time required so great that to
us, isolated as we were from home and
friends and the whole outside world, it
seemed almost an eternity."—Exchange.

A Misfit.

"Yes," he answered, as he seemed to
huddle himself in a heap. "I've done
some odd things in my time. I've jumped
from a train running at a speed of
48 miles an hour, and I can't say as I
want to repeat the experiment."

"What was the occasion?"
"Three years ago. I did it for a bet
of 20 shillings. The bet was that I
daren't walk out on the platform and
take the jump without picking out my
ground. As it happened the ground was
pretty clear, but £1,000,000 wouldn't
get me to try it again."

"How did you come out?"
"Well, it's hard to describe the sensa-
tion. As I sprang from the step I seem-
ed to fly. I sailed along in the air until
my wings grew tired, and then I drop-
ped down to see the country. Some-
times I beat the professionals all hollow,
and again I made a mess of it. It
was my intention to skip all the mud
puddles and avoid all the stumps, but
you can't always have your own way
in this world. By and by I came up
with a bang in a ditch corner, and
waited for a first class hospital to visit
me."

"Much hurt?"
"Might have been worse. Broke an
arm, two ribs and had over 100 cuts
and bruises, and it was seven weeks be-
fore I could walk a yard."

"But you won the 20 shillings?"
"Y-e-s, but there is where I always
grow sad. The stakeholder forwarded
it to me from his town in the shape of a
coffin, and it didn't fit my length by
seven inches. I had to sell the confound-
ed thing as a misfit at half price."—

He Got the Message.

An experienced telegraph operator can
from listening to the sounds under-
stand a message on one kind of telegraph
instrument without seeing it at all.
One day an inspector walked into an
office and began to question the clerk in
charge. Suddenly a message began to
arrive, and the clerk sat down to write
it. The message was as follows:
"Look out for squalls. The inspector
is somewhere on the line and will be
poking his nose in everywhere."

The inspector smiled as he listened to
the message, while the poor clerk
looked quite helpless. His superior,
however, went to the instrument and
sent back the answer: "Too late. He
has already poked his nose in here."—

Was It Fate?

Those who hold that no man can
avoid his fate may find support for their
doctrine in the experience of Charles J.
Weller of Elkhart, Ind. He was employ-
ed at grinding at an emery wheel, but
regarding the position as dangerous
handed in his resignation. Five minutes
before the time for ending his last day
at the work the wheel burst and killed
him.—Philadelphia Ledger.

Do not think of knocking out another

tional to knock yourself on the head be-
cause you differ from yourself ten years
ago.—Horace Mann.

A Des Moines woman who has been
troubled with frequent colds, con-
cluded to try an old remedy in a new
way, and accordingly took a table-
spoonful (four times the usual dose) of
Chamberlain's Cough remedy just be-
fore going to bed. The next morning
she found that her cold had almost
entirely disappeared. During the day
she took a few doses of the remedy
(one teaspoonful at a time) and
at night again took a table-
spoonful before going to bed, and on
the following morning awoke free
from all symptoms of the cold. Since
then she has, on several occasions,
used this remedy in like manner, with
the same good results, and is much
elated over her discovery of so quick a
way of curing a cold. For sale by A.
